

Fuengirola

SAFE TOURISM

PREVENTIVE MEASURES TO REDUCE INFECTIONS

- 1) Increased wet sweeping and cleaning with disinfectants on all streets of Fuengirola.
- 2) Reinforcement of beach cleaning by increasing sand sifting, public toilets cleaning and beach access railings cleaning.
- 3) All the beaches in Fuengirola, as well as the Tourist Office and the Marenostrum Festival have obtained the "Andalucía Segura" distinction that guarantees the quality of the city as a safe tourist destination.
- 4) Special disinfection in front of businesses (supermarkets, pharmacies, health centres, ...) improving the hygienic-sanitary conditions of the city.
- 5) Disinfection of urban furniture.
- 6) Hygienic-sanitary actions in all public means of transport.
- 7) In the city's hotels:
 - Safety distance signs.
 - Protective screens on counters.
 - Encourage payment by card and other electronic means.
 - Capacity control to avoid crowding.
 - Renewal of service protocols in restaurants.
 - Disinfectant gel stations at key points in the hotel.
 - Disinfectant mats in access areas.
 - Continuous natural air ventilation systems.
